Proto Chemical Industries

Vision

To be a global leader in specialty chemicals, driving innovation and sustainability to create value for industries and a healthier planet

Mission

Delivering innovative and sustainable specialty chemical solutions that enhance product performance, drive industry progress, and prioritize environmental responsibility

Our Commitment: We are committed to delivering high-quality, innovative chemical solutions with a focus on safety, sustainability, and customer satisfaction, while building long-term partnerships and contributing to a sustainable future

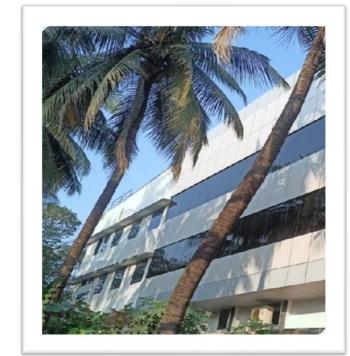

Company Overview

Established in 1982 by founder Mr. Kantilal Punamiya, Proto Chemical Industries has been a pioneer in the manufacturing of Iodine derivatives, with our manufacturing facility located in Tarapur Boisar, near Mumbai, India. In 2001, Mr. Divyesh Punamiya joined the family business, further enhancing our expertise and capabilities.

Specializing in the manufacturing of Active Pharmaceutical Ingredients (API), our FDA-approved factory boasts GMP status, ensuring the highest quality standards in our products. Over the years, our commitment to excellence has resulted in a significant increase in sales, both domestically and through exports.

With a global presence facilitated by strategic partnerships, Proto Chemical Industries collaborates with sales partners across the globe to ensure widespread accessibility to our high-quality products. Our network of strategic partners spans regions including Turkey, South America, and South East Asia, enabling us to effectively meet the diverse needs of our international clientele. Through these valued partnerships, we remain committed to delivering excellence and innovation in the field of iodine derivatives, while continually expanding our reach to serve customers worldwide.

In recognition of our dedication to quality and innovation, we were honored to achieve Star Export House certification in 2019. Furthermore, our recent production expansion, including the acquisition of a new unit, underscores our commitment to meeting the growing demand for iodine derivatives.

Factories

We have 3 Manufacturing Units,

Unit 1 E-121 : Unit 2 C-1/5 : Unit 3 D-23/3

MIDC, Tarapur, Boisar, Dist. Palghar 401 506. Maharashtra, India.

30000 Sq.Ft Fully Automised Production Area

Annual Production: 800 + MT

Certificates: ISO, GMP, FDA, Kosher, Halal, FSSAI, Star Export House

2000 MT Tropical Formulation Manufacturing Capacity

- 100 + Clients serviced across India
- 15 + Countries Export Sales Revenue
- Sustainable and Eco-Friendly Manufacturing Process

Product List

- ACTIVE PHARMACEUTICAL INGREDIENT (with DMF availability)
 - Povidone Iodine IP/BP/EP/USP
 - Potassium Iodide IP/BP/USP
 - Potassium Iodate BP
 - Sodium Iodide BP/USP

> NYLON 66

- Copper Iodide
- Potassium Iodide IP/BP/USP

DISINFECTANTS, ANTIFUNGAL, AND ANTISEPTICS RANGE

- POVIDONE IODINE IP/BP/EP/USP
- IODOFORM USP
- THYMOL IODIDE
- N P IODINE COMPLEX 1.4% ,10%,20%
- Povidone Iodine 20%

ANIMAL FEED FORMULATION

- Potassium Iodate FCC
- Calcium Iodate Monohydrate FCC
- Sodium Selenite FCC
- EDDI

Skin Care

- EHG
- Phenoxythanol EHG Blend P-91
- Capryl Glycol

Laboratory Reagents

- Potassium Iodide LR/AR/ACS
- Sodium Iodide LR/AR/ACS
- Iodine LR/AR/ACS
- Potassium Bromide LR grade

Tropical ,Disinfectant ,Antifungal Formulation

- Povidone Iodine 5% Solution
- Povidone Iodine 7.5% Solution
- Povidone Iodine 10% Solution
- Povidone Iodine 7.5% Scrub
- Povidone Iodine Ointment
- Povidone lodine gargle 2%

Fine Chemicals

- Potassium Hydroxide Powder
- Potassium Bromide Photographic

Thank You
