

Food Grade Inks, Perfumery & Fragrance, Speciality Coatings

# Trichem

Trichem Laboratories (Bombay) Pvt. Ltd.

Chemicals, Polymers, Pharmaceuticals & Bulk Drugs, Printing Inks,

ISO 9001:2015 Certified

# COMPANY PROFILE

Trichem Laboratories (Bombay) Pvt. Ltd. was established in 1994. Over the past 2 decades, it has moved from manufacturing esters and organic chemicals to becoming one of the most trusted names in supply & service amongst major users all over the country.

**For over 20 years, our facility has held an exclusive contract manufacturing agreement with Thermofisher Scientific India Pvt. Ltd. (formerly Qualigens, a brand under GlaxoSmithKline), to produce their laboratory chemicals. To this day, we continue to hold this exclusive arrangement with them through Trichem.**

We provide quality products with a timely techno - commercial support through a team of:

Knowledgeable  
personnel

Experienced and  
skilled manpower

Timely supplies of  
ready stock

Capacity and  
infrastructure to  
cater to global  
requirements

Adequate financial  
strength to meet the  
business needs

All licenses as  
per the Statutory  
requirements

Client specific  
solutions created  
especially for them

We provide world class infrastructure and logistics support by way of a manufacturing facility with an area of 6,000 sq. mt. and have arrangements with various logistics partners to ensure fast and safe movement of goods. To help facilitate customer's understanding on a particular product, we furnish COA, MSDS, TDS and other relevant documents on request. This makes the customer thoroughly updated.
