

CRO Splendid Lab Private Limited

Introduction

We, CRO Splendid Lab Pvt. Ltd; would like to introduce ourselves as a Leading Manufacturer and Exporter of :

1. Pharmaceutical Impurities,
2. Working Reference Standards (In-house) ,
3. Labelled Compounds (i.e. Deuterium, ^{13}C , $^{15}\text{N}_2$) ,
4. Active Pharmaceutical Ingredients (API's),
5. Intermediates
6. Custom Synthesis Projects.

CRO Splendid Lab Pvt. Ltd. is a renowned name in Pharma R&D sector, and has built its reputation as a complete solution provider in contract research arena .

Vision & Mission

Develop a platform to support all Pharmaceutical drug substance and drug product development needs for global regulatory healthcare industry to empower the global pharmaceutical industry.

Our business is driven by a strong commitment and operates with the highest standards of ethics & integrity.

Our mission is to partner with global pharma and chemical companies to meet their R&D goals and create value with innovative solutions.

Objectives

- Support Pharmaceutical companies to meet their drug development goals with complete technical Support.
- Scale-up of the custom synthesis process under secrecy agreement up to Bulk Quantity (Contract Manufacturing)
- To provide Cost Effective and Time bound research solution.
- To offer Best Quality product, timely and repeatedly.
- To be a Collaborative Research Partner (On FTE Basis)

Strength

- Our strength is our professional team of scientists who are experts in Troubleshooting and conducting a smooth custom synthesis process .

Accreditations

- We are an ISO 9001:2015 (TQM) & Good Laboratory Practice (GLP) certified organization; with Our Own Laboratories and Partner Laboratories being subjected to the Rigorous and Stringent Standards & Benchmarks.

This ISO 9001:2015 specifies requirements for a quality management system when an organization:

- a) needs to demonstrate its ability to consistently provide products and services that meet customer and applicable statutory and regulatory requirements, and
- b) aims to enhance customer satisfaction through the effective application of the system, including processes for improvement of the system and the assurance of conformity to customer and applicable statutory and regulatory requirements.

In the experimental (non-clinical) research arena, the phrase good laboratory practice or GLP specifically refers to a quality system of management controls for :

Research Laboratories and organizations to ensure the uniformity, consistency, reliability, reproducibility, quality, and integrity of chemical (including pharmaceuticals) non-clinical safety tests.

Certificate No. : GL-RS-1709-2371
Date of Issue : 15-09-2017
Date of Expiry : 14-09-2020

Clients Database : We have been associated with all Leading Pharmaceutical Clients, i.e.

and many more ...

Clients Database : We also give our services to all CROs in India; i.e.
